Fantastic. Thank you. I want to check this list against my own for the Report.

Enjoy your holiday!

Hi Kristen,

Please find the attached file. All events including the two high flow and low flow are included.

Our sample IDs should be the same as AECOM's except we add a "C" at the end.

Please let me know if you have any questions. If you do, please cc Sharon and Scott. I'm taking next week off, and may only be checking email periodically.

Have a good holiday!

George and AmyMarie,

Do you have a list of the samples you split during CWCM?

Thank you.
